EXPLANATORY PREFACE

This Register contains the names of all the Elementary Schools of the Provincial System and of the teachers employed therein as of November, 1957. It also contains certain information regarding each school, including the name and address of each secretary, and also the name, address, salary and grade of certificate of each teacher.

For convenience, this information has been divided into four parts, as follows:

Part I—The Public Schools of the Cities and Metropolitan Toronto.

Part II—The Public Schools of the County Inspectorates.

Part III—The Public Schools of the District Inspectorates.

Part IV—The Roman Catholic Separate Schools.

The Inspectorates are arranged in alphabetical order. An index of the Inspectorates of Cities, Counties and Districts has been provided at the back of the book. A summary of the number of the several grades of certificates has been placed at the head of each City, and also at the head of each Public and Separate School Inspectorate, and a general summary for the Province at the back of the book. Where the area of an Inspectorate includes a city and a county in whole or in part, the summary of the certificates of the teachers of each part is separate. The number of teachers and schools in each Inspectorate are also indicated in each heading. The rural schools are listed first in each Inspectorate in Parts II, III, and IV, followed by the schools of the urban municipalities.

It should be noted that the statistics contained herein have been compiled, not from the Departmental Registers, but from Special Reports by the Inspectors or Principals concerned. Frequent changes in the schools render absolute accuracy in the list of teachers impossible.

The Local Assessment is given for the Districts and for all urban municipalities—Equalized Assessment in all other cases.
